AUDACIA - STELLENBOSCH

Audacia is a boutique winery specialising in producing signature red wines. It is owned by the Strydom and Harris families and is situated in a prime vine-growing region just outside Stellenbosch on the banks of the bubbling Bonte River at the foot of the majestic Helderberg Mountain. Our name is synonymous with the spirit of adventure, originality and boldness. These characteristics are embodied in both our viticulture and winemaking.

ROOIBOS / HONEYBUSH WOODED WINES

Audacia Wines is at the forefront of wine production technology using indigenous *AspalathusLinearis* (Rooibos) and *CyclopiaGenistoides* (Honeybush) toasted wood chips in the winemaking process. The wood is unique in that it contains high levels of antioxidants, no caffeine and low tannin levels compared to other imported oak derivatives traditionally used in winemaking. It also contains phenolic compounds and flavonoids that impart unique flavours to wine, and is uniquely South African. Audacia Wines currently makes “No Sulphites or Preservatives Added”, Low Kilojoules and traditional wines using this innovation.

A product related beverage patent has been lodged to protect the innovation, see www.reddawnip.co.za
